- **Dr Gyanendra Gongal;** Senior Public Health Officer: World Health Emergencies Program, Regional Office for South-East Asia, WHO

#### Objective:

World Antimicrobial Awareness Week (WAAW) is a global campaign that is celebrated annually to improve awareness and understanding of AMR and encourage best practices including Stewardship among the public, One Health stakeholders and policymakers, who all play a critical role in reducing the further emergence and spread of AMR. This webinar will discuss how all sectors can encourage the prudent use of antimicrobials and to strengthen preventive measures addressing AMR, working together collaboratively through a One Health approach. This will deepen the understanding of the opportunities for implementing integrated AMS activities.

#### Target audience:

This is an open webinar. One Health Stakeholders, Clinicians, pharmacists, infectious disease physicians, national AMR committee members, and other health care professionals, policy makers, experts in charge of national antibiotic policies, External Development Partners and WHO Staff.
